Description **Henryk Arctowski Polish Antarctic Station (Polish:Polska Stacja Antarktyczna im. Henryka Arctowskiego) is a research station on King George Island, off the coast of Antarctica.**
Named for Henryk Arctowski (1871-1959), who as meteorologist had accompanied the Belgian explorer Baron Adrien de Gerlache on the Belgian Antarctic Expedition "Belgica", 1897-1899.
This was the first expedition to overwinter in Antarctica.
He proposed the original notion of a wind chill factor, arguing that wind could be as damaging to human flesh as cold in harsh climates ...

List group **2B - South Shetland Islands**

Facility Type **Base**
